SUBJECT: REGARDING UNIVERSITY INSIGHT ON INCLUSION OF VALUE-ADDED COURSES FOR PHARMACY STUDENTS

Respected Sir

Greetings of the day !

In our continuous effort to provide a well-rounded education to our students, we are exploring the introduction of value-added courses for the B. Pharm program. These courses aim to equip students with additional skills and knowledge that align with current industry trends and professional requirements. As PCI has not prescribed Value added, we seek the university's esteemed guidance and insights on the courses that would best serve the academic and professional development of pharmacy students across all affiliated colleges.

We believe that a standardized set of value-added courses, approved and supported by the university, will ensure consistency and quality in enhancing the skills of our students. Your input will be invaluable in shaping the curriculum and ensuring that it meets the needs of the industry while contributing to the students overall growth.

We look forward to your suggestions and guidance in this regard.

Thank you for your time and consideration.

Yours sincerely,

Dr. Indira Raheja

**SUB: REGARDING OUT OF SYLLABUS QUESTIONS IN B.PHARM 3RD SEMESTER FINAL THEORY EXAM
PHYSICAL PHARMACEUTICS PAPER CODE BP302T.**

Respected Sir,

This is to bring to your kind notice that B.Pharm 3rd semester final question paper of subject Physical pharmaceutics has questions on surface & interfacial tension which is not in prescribed PCI syllabus of the university and topic is there in Unit-III of revised syllabus of PCI (pages 189). Further our university follows the draft syllabus of PCI (182 pages) although revised syllabus has been introduced by the PCI (189 pages).

Henceforth you are requested to kindly look into the matter as our most of the students could not attempt the questions from this topic. Moreover you are requested to kindly update the latest syllabus and upload the same on the university website.

SUBJECT: REQUEST FOR PERMISSION TO ORGANIZE DEMONSTRATION OF SOPHISTICATED INSTRUMENTS FOR GGCP STUDENTS

Respected Sir ,

As an affiliated Pharmacy institution of your university, we are committed to providing our students with the highest quality education and practical exposure. In line with this, we are writing to seek your approval for organizing a demonstration of sophisticated instruments for our students in the School of Pharmaceutical Sciences.

This demonstration is crucial for enhancing the students' practical understanding and hands-on experience with advanced technology and equipments relevant to the pharmaceutical analysis studies. The event will be conducted under the guidance of experienced faculty ensuring safety and a valuable learning experience for all participants.

We kindly request your permission to facilitate date and time that aligns with the university's schedule. We are confident that this initiative will greatly benefit our students and contribute to their academic and professional development.

Thank you for considering our request. We look forward to your positive response.

SUB: REQUEST FOR SHORTENING THE DURATION OF 8TH SEMESTER TO COMPLETE THE SEMESTER ON TIME

Respected Sir,

This is to bring to your kind notice that the exam of 7th semester of B.Pharm batch 2019 are scheduled from 01/05/23 which will be followed by practical and so 8th semester classes would be commencing from third week of May 2023 only and in case semester is being conducted as per PCI guidelines the 8th semester final exam and result declaration will be very late. Further the students who are interested in joining post graduate programs will not be eligible for the same as their result would come late.

Therefore in order to save the future of the students you are kindly requested to shorten the 8th semester duration so that their exams can be conducted on time and results is declared by 30th August 2023. Looking forward for a favorable response from your side.

Thanking You,

Yours Sincerely
