

# GURUGRAM GLOBAL COLLEGE OF PHARMACY GURUGRAM

Approved by AICTE, Govt. Of India & Pharmacy Council of India  
Affiliated to Pt. B D Sharma University of Health Science Rohtak  
Affiliated to Haryana Board of Technical Education

## Action Taken Report/ Key Initiatives taken on activities related to “Commitment to a Green Campus” during Academic Year 2018- 2023

S. No.	Name of the Activity	Year	Details of the Activity
1.	<b>Waste Segregation in College Premises</b>	2018-19	<ul style="list-style-type: none"> <li>• Waste management is handled meticulously through a color-coded dustbin system.</li> <li>• Segregation of waste in to recyclable and non-recyclable categories.</li> <li>• Green Dustbin for Biodegradable</li> <li>• Blue Dustbin for Non-Biodegradable recyclable</li> <li>• Red Dustbin for Non-Biodegradable Non-recyclable</li> <li>• Yellow Dustbin for Infectious Waste</li> <li>• Following this initial sorting, the segregation process is further refined by the Municipal Corporation (MCD), which manages the collection and processing of waste to ensure effective recycling and disposal.</li> <li>• This systematic approach not only promotes environmental sustainability but also enhances the efficiency of waste management practices within the college.</li> </ul>
2.	<b>Initiative for a Plastic-Free Campus</b>	2022-23	<ul style="list-style-type: none"> <li>• Beat the Plastic “drive to dispose of plastic waste responsibly and refrain themselves from use of plastic material.</li> </ul>
3.	<b>Preventive measures for Rain Water Harvesting System, Reduction of Drinking water wastage.</b>	2018-19	<ul style="list-style-type: none"> <li>• Proactive conservation of available groundwater resources</li> <li>• Harvesting of rainwater to recharge groundwater and maintain the water table.</li> <li>• Regular maintenance to address leaks and malfunctions, mindful usage by filling only the needed amount, and participation in educational programs about water conservation.</li> <li>• Use water responsibly by avoiding</li> </ul>

			overfilling and ensuring taps are turned off properly after use.
4.	<b>Tree Plantation Drives in Campus and Green Campus</b>	2018-19	<ul style="list-style-type: none"> <li>• Tree Plantation drive was successfully done at different occasions of World Environment Day for successfully achieving Green Campus.</li> </ul>
5.	<b>Energy Conservation Measures</b>	2018-19	<ul style="list-style-type: none"> <li>• Use of LED or compact fluorescent bulbs and Sign Boards indicating "Please turn off lights, computers, and other electrical devices when not in use.</li> <li>• Utilize natural light during the day.</li> <li>• Ensuring the electrical equipment's are functioning efficiently.</li> <li>• The college has installed solar panels on its rooftops to harness solar energy for powering electrical appliances and lighting systems.</li> </ul>

**Action Taken Report/ Key Initiatives taken on activities related to “Commitment to a Green Campus” during Academic Year 2018-2023**

- 1. Waste Segregation in College Premises** GGCP implemented a waste segregation system on campus. All faculties and students are advised to segregate waste into recyclable and non-recyclable categories. They are advised to adopt Green Dustbin for Biodegradable, Blue Dustbin for Non-Biodegradable recyclable, Red Dustbin for Non-Biodegradable Non-recyclable and Yellow Dustbin for Infectious Waste.

Different coloured dustbins used for Segregation of Solid Waste

- 2. Initiative for a Plastic-Free Campus:** GGCP initiated “Beat the Plastic “drive and encouraged all to dispose of plastic waste responsibly and refrain themselves from use of plastic material.

Activity under Plastic free campus drive

### 3. Preventive measures for Rain Water Harvesting System

GGCP is committed to the proactive conservation of available groundwater resources and the harvesting of rainwater to recharge groundwater and maintain the water table. GGCP implemented proper conservation techniques for portable water in order to minimize wastage. It ensures effectively reduction of water wastage and ensure a sustainable supply of this vital resource.

Rain Water Harvesting

### 4. Tree Plantation Drives in Campus

GGCP took the initiatives to arrange tree plantation drives on different occasions of World Environment Day. Tree plantation is not just something that should be done; instead, it is a necessity, the urgent need of the hour. Planting of trees is especially important to protect our environment against air pollution and global warming. To this end, our young volunteers have been actively involved in organizing tree plantation campaigns.

### 5. Energy Conservation Measures

Gurugram Global College of Pharmacy are implementing energy conservation measures across the campus. The following strategies are adopted across the campus:

- A. Use of LED or compact fluorescent bulbs and Sign Boards indicating “Please turn off lights, computers, and other electrical devices when not in use.
- B. Utilize natural light during the day.
- C. Ensuring the electrical equipment’s are functioning efficiently.
- D. The college has installed solar panels on its rooftops to harness solar energy for powering electrical appliances and lighting systems.

Energy Conservation Measures

6. **Green Campus:** GGCP Plant trees, construct botanical gardens, and enrich the campus's flora and fauna
